

# SUMMER ON MISSION

**KASESE**  
UGANDA

New school purchased

Old school buildings to become...

...new vocational school.

**THE MISSION:** Lifting people out of poverty

**THE VISION:** Fully equip a vocational school

**THE GOAL:** \$30,000

Pastor Moses leads the Kasese Pentecostal Church and Destiny Preparatory School in Kasese, Uganda. They were recently able to purchase new land and buildings from the Seventh-Day Adventists, just across the street from their current facility. This frees up the buildings of their school to be repurposed as a vocational school to lift Ugandans out of poverty. The buildings are ready, the teachers have been recruited; now we must fully equip the vocational school.
